Art Unit: 3736

DETAILED ACTION

Double Patenting

A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer <u>cannot</u> overcome a double patenting rejection based upon 35 U.S.C. 101.

Claims 1-50 are rejected under 35 U.S.C. 101 as claiming the same invention as that of claim 1-50 of prior U.S. Patent No. 5,822,715. This is a double patenting rejection.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure Arita et al. ('922), Heinonen et al. ('020), and Kahn et al. ('126).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael C Astorino whose telephone number is 703-306-9067. The examiner can normally be reached on Monday-Friday, 9:00AM to 5:00PM.

The fax phone numbers for the organization where this application or proceeding is assigned are 703-308-0758 for regular communications.
